

TIPS ON USING THE POA WEB SITE

If this web site is new to you here are a few ideas.

- 1) All of the covenants of the “District” and the Villages are under documents. Do become familiar with these, and use them to quickly research questions. Those who know this site are already doing that.*
- 2) If you wish to know about Village Representatives, and Board members look under “Contacts”.*
- 3) Village names and specific messages may appear under the particular name. Check it out. At the beginning messages may be scarce. As folks become familiar with this site, they will hopefully increase.*
- 4) COMMUNITY is the site where there are the most bits of information. It is being used to make notation of the things that are most frequently issues put in front of Representatives, the Board and the Architectural Review Committee. These are permanent items. They are to be recognized as helpful commentary, which are not to supersede the Covenants. The Covenants always take precedence. If conflicts in the words, and ideas appear they should be brought to the attention of anyone on the “contact” list.*

DO USE THIS WEB SITE, AND MAKE OTHERS AWARE OF IT FOR IT IS A GOOD PLACE TO GET BETTER INFORMATION THAN IS USUALLY HEARD ‘ON THE STREET’.
